MEMORANDUM FOR: Director of Training

SUBJECT : Special Briefing for Photographic Intelligence Center Personnel.

1. Pursuant to my recent telephone conversation with you, it would be greatly appreciated if [] could be made available to give PIC personnel a thorough Agency-Intelligence Community type organizational briefing.

2. As you know, Center personnel are somewhat isolated from other Agency components and though relations with various non-Agency intelligence activities are frequent, for security reasons such relations are narrowly confined. Accordingly, I believe practically all of our people could profit from the comprehensive type briefing to which I refer. As I mentioned in our phone conversation, the Director of PIC, Mr. Lundahl, combined with [] for the briefing of a high level foreign government representative and Mr. Lundahl was very much impressed with [] handling of his subject and the thoroughness of his briefing.

3. If my request meets with your approval, I would suggest that you have [] give me a confirming telephone call and we can proceed to make mutually satisfactory arrangements for the briefing.
